

MICES Vocational Training Center

Relief is transitory and short-lived. So is any relief work by charity organizations. No ruler, no government, no charity organization has achieved in establishing social justice and equality of human rights through 'relief works'.

“Give a man a fish and you feed him for a day. Teach a man to fish and you feed him for a lifetime”

This proverb about teaching fishing is attributed to many great people such as Lao-tzu, Einstein, Karl Marx and so on... Whoever said it forgot to mention about the fishing rod... In the modern world of economic terrorism, tyranny and disgusting unequal wealth distribution more than 65% of world population cannot afford to have the fishing rod!

MICES believes that TO TEACH IS TO TOUCH LIVES FOREVER if and if only the tools for learning and putting it to practice are made available...

MICES Areekode has a sustainable plan for rehabilitating the less fortunate sect of our society through charity works. This had been one among several dreams MICES members were cherishing for quite some time. Training women for self employment was found to be one of the best options available. The MICES Vocational training center was started with this objective. For a long time MICES was planning to work in this direction in order to rehabilitate the unemployed men and women.

On 19-10-2012, Mrs. Shobha Gopi, Vice President, Areekode Panchayath inaugurated the Center for Training women for self employment. , the art of sewing garments etc. MICES members, trainers and trainees attended

MICES

**TRAINING FOR
SELF EMPLOYMENT**

the function. 50 trainees registered for the training program during that week. Now there are about 100 lady members getting regular training in the Center.

Those who are trained are given all help needed to start their own entrepreneurial ventures in stitching garments. Those who are unable to purchase sewing machines are taken care of by MICES. Under the MICES Relief Cell, after careful scrutiny, financial aid is granted to the women after training.

In August 2013, 4 sewing machines were offered by the MICES Relief and Zakath Cell to deserving women trained in the MICES Vocational Training

Center. A wide survey was conducted by the Cell to check on deserving cases.

In future MICES Vocational Training Center is planning to open training programs

in making umbrellas, paper bags, bottled pickle, candles etc. (Inshah Allah).
